The Cornerstone of Construction Law

Cute Shoes. Steel-Toe I presume?

In our first issue of *The Smart Girls' Guide to Construction Law* we'll give you an overview of Integrated Project Delivery contracting to guide you as you embark on this kind of project. Knowing exactly what your risks and responsibilities are within each phase of a project can help you identify potential problems and hopefully avoid them before the scope of problems is larger than your scope of work.

in our first issue

- INTRODUCTION TO IPD CONTRACTING
- THE *SPEARIN* DOCTRINE
- *SPEARIN* IN THE WORLD OF IPD
 - AIA FORMS
 - CONSENSUSDOCS FORMS
- CHOOSING THE RIGHT CONTRACT
